We are exceptionally proud of the achievements of our A Levels class of 2023. The young men and women of this small, but determined, cohort have endeavoured to exceed expectations. They have grasped the opportunity to stretch themselves academically through the A Levels programme with great focus and determination. They have flourished academically and are now truly equipped to succeed in their choice of university anywhere in the world. We would also like to express our sincere gratitude to all the staff at the Diocesan School for Girls and St Andrew's College who have given so much of their time and energy to ensure the success of the A Levels programme. Well done and thank you to all.
